

40 ZONING REGULATIONS

40 Zoning regulations

1. All future developments shall be in conformity with the provisions of the Master plan for Koyilandy Municipality.
2. For the implementation and enforcement of the proposals envisaged in this Master Plan, areas have been zoned under various categories such as residential, residential agricultural mix use, commercial, multifunctional, buffer, special use zones etc. Details regarding the nature of uses 'permitted', uses 'restricted' and uses 'prohibited' in each zone are given in table 40.1. These regulations shall be enforced in conjunction with other specific provisions, if any, mentioned elsewhere in this scheme.

Uses 'permitted' in a zone cover the uses that can be normally accommodated in the relevant zone. Such uses may be permitted by the Secretary Koyilandy Municipality, hereinafter referred to as the Secretary. In some cases it may be possible to permit some other uses also, which are not likely to affect the quality and environment in a zone specified for a particular use. Such cases have to be individually studied based on their performance characteristics and special locational factors. Such cases which come under this category are classified as "Uses Restricted". Restricted-1 category deals with the uses that shall be restricted by the Secretary with the concurrence of the Town Planner of the District office of the Local Self Government Planning Restricted -2 category deals with the uses that shall be restricted by the Secretary with the concurrence of the Chief Town Planner concerned of the Local Self Government Planning.

Uses 'prohibited' enlists the various objectionable uses in each zone which shall not be permitted under normal circumstances.

3. If any space in a zone is put to a "Use Prohibited" as stated in Para 2, before the sanctioning of the scheme, such use shall be termed as nonconforming use. A non-conforming use may be allowed to continue in its existing location and essential repairs and maintenance for the structure may be permitted by the Secretary, provided that the said use create no adverse environmental influence in the zone. Addition, alteration or reconstruction, if found necessary as part of any mitigation measures may be permitted for such uses by the Secretary with the concurrence of the Chief Town Planner concerned.
4. Existing areas and structures of archaeological importance, agriculture uses and religious uses may be permitted to continue in all the zones and shall not constitute non-conforming uses.

5. Regulation of constructions and/or land developments on the sides of new roads/roads proposed for widening as per the Plan shall be governed by the distance from the centerline of the road unless otherwise specified in the Plan or in any detailed road alignment approved by the Chief Town Planner or agency concerned.
 Provided also that after implementation of National Highway/Coastal Highway in specified width as mentioned in the master plan if any, remaining land may be changed to adjacent land use zone with the concurrence of Town Planner concerned.
6. Constructions and/or land developments, if any, in paddy lands and in wet lands, shall be in conformity with the Paddy land and Wet Land Act in force in the state.
7. The Government shall have the power to issue clarifications in respect of technical interpretations, if any, required in any of the provisions of the scheme in consultation with the Chief Town Planner concerned.
8. Any use not specified either in the 'uses permitted' or 'uses restricted' category of a particular use zone, but which is of a similar nature to any use permitted or restricted in that particular use zone, can be considered by the Secretary, with the concurrence of the Chief Town Planner concerned.
9. All places of heritage importance including Kavu, Temples etc. have to be conserved with due regard to the historical significance and architectural character of the area.
10. Zoning regulations are not intended to prohibit existing uses that have been lawfully established prior to the enforcement of these regulations, unless otherwise specifically mentioned in this scheme. All existing uses in every zone shall be permitted to continue. In case of addition/extension/alteration of the existing building is proposed, the total area shall not exceed 1.5 times the existing floor area.
11. Expansion of existing public and semipublic institutions to adjacent plots shall be permissible without any regard to the land use in which such adjacent plot is zoned and the development regulation imposed by such zoning.
12. Subject to the provisions as applicable to the Kerala Conservation of Paddy land and Wet land Act, 2008, CRZ notification 2011 and their subsequent amendments, other applicable Acts, Rules and Government Orders in force in the State, , the Secretary, Koyilandy Municipality with the concurrence of the District Officer of the Local Self Government Planning having jurisdiction over the area, shall
 - a. permit in privately owned land which is zoned for Public and Semipublic Use, such uses that are permissible in adjacent land use zone, if there is no records available with the Local Self Government Institution concerned regarding any proposal for acquiring that particular privately owned land for any public use at the time of application for building construction or land development.
 - b. permit in wet agriculture or water body, such uses that are permissible in adjacent land use zone, if that particular land in the wet agriculture or water body is not classified as Paddy land or wet land as per revenue records.
13. Coverage and floor area ratio (FAR) of all constructions shall be the values prescribed in the prevailing Kerala Municipality Building Rules and time to time amendments shall be adhered to.

14. The various conditions and restrictions stipulated in CRZ notification and related amendments from time to time shall be adhered to all development activities in the town.
15. In case the proposed new roads or road widening as per the master plan abuts/affects a water body, regulation of constructions and or land developments on the side of such roads shall be governed by the distance from the nearest boundary of the water body unless otherwise specified in detailed town planning schemes or any detailed road alignments approve by Chief Town Planner or agency concerned.

GENERAL GUIDELINES

1. Irrespective of zoning regulations, government schemes/ projects can be implemented anywhere in the municipality.
2. Uses permitted in residential zone shall be permitted in all plots in residential agricultural mix use zone, having a minimum frontage of 10 meters and having direct access from roads of existing or proposed width of 12 meters or more.
3. Provisions of the Noise Pollution (Regulation and control) Rules, 2000 under the (Environment Protection) Act, 1986 and its subsequent Amendments shall be applicable to the Planning Area.
4. Uses permitted in multi-functional zones shall be permitted on plots up to a depth of 100 meters, in plots abutting National High way and State Highway and for plots abutting road having an existing or proposed road width of 15 meters or above as per this master plan.
5. The areas specially demarcated as special zone are to be acquired by Koyilandy Municipality within a period of 10 years from the sanctioning of the Master Plan. If the land is not made under possession within this stipulated period, the land may be released and returned back to that land use zone which may be deemed appropriate based on the surrounding land uses and developments, with the concurrence of Chief Town Planner concerned.
6. Large scale development proposals in area not less than 2 ha, exceeding an investment of Rs. 50 Crores, which provide direct employment (after commissioning) of not less than 500 may be permitted in zones other than wet agriculture, buffer, mangrove subject to the recommendation of committee to be constituted by the Government for this purpose, under the Chairmanship of the Secretary, LSG Department, consisting of the Chief Town Planner concerned of Local Self Government Planning and the Secretary, Koyilandy Municipality as members and the District Town Planner, Kozhikode district as convener satisfying the following conditions;
 - (a) The developer shall produce project-cum-feasibility report and Environmental Impact Assessment Report, if required, of the Project to the Convener of the Committee, 15 days in advance of the committee meeting.

- (b) The developer shall produce before the committee all required clearances from the State and Central Government agencies concerned.
- (c) Adequate provision shall be made for supporting infrastructure such as water supply, sewerage, solid waste management etc. Separate sewage treatment plant and solid waste management measures shall be provided and maintained by the developer at his own cost. Adequate Memorandum of Understanding between the developer and the Secretary of the local body concerned shall be undertaken to bring this into effect.
- (d) Minimum Access Width shall be 12 meter.
- (e) The project shall be completed within a period of 3 years, if not specified otherwise.
