PREFACE

The Central Business District of Palghat Town has developed in the past in a haphazard manner without any scientific planning, creating traffic congestion and host of other problems. The fast moving vehicles, slow moving vehicles and pedestrians, compete for the use of the available narrow width of roads. In addition to this, through traffic between Calicut and Coimbatore has to pass through sultangpet Junction in the Central Business District of Palghat Town. Calicut-Coimbatore road leading to the junction is very narrow and junction itself is not well designed. The road and the junction are not able to cope with the large volume of traffic. The need for a Bye-pass road through traffic between Calicut and Coimbatore is keenly felt. The Palghat Development Authority has notified three Detailed Town Planning Schemes namely:- (1) for Olavakkode Area (2) Ayyapuram-Ramanathapuram Area and (3) Kalmandapam Area, mainly to encompass a bye pass road for Calicut-Coimbatore Road, among other proposals.

A portion of the proposed 30 metres wide Bye pass road to Calicut-Coimbatore road (from Olavakkode to Kalmandapam) passes through the Ayyapuram-Ramanathapuram Area. In addition to this a portion of the proposed 30 metres wide road aligned by the public works Department from Victoria College to Malampuzha also passes through the

Scheme Area. These two roads will open up a large area of undeveloped area. In order to canalise the potential development on this area on a planned basis, it is essential to exercise development control as well as take up development in public sector based on a Detailed Town Planning Scheme, providing all the infrastructural facilities for organised development. This Detailed Town Planning Scheme is prepared to achieve this objective.

The Detailed Town Planning Scheme for Ayyapuram-Ramanthapuram Area is presented in the following pages for eliciting public opinion on the proposals contained therein. I hope that members of the public and especially those to whom it concerns directly would give their dispassionate views on the scheme, so as to enable the Palghat Development Authority and the Government of Kerala to adopt the Scheme with such modification as are deemed necessary.

PALGHAT DEVELOPMENT AUTHORITY.

THE DETAILED TOWN PLANNING SCHEME FOR AYYAPURAM-RAMANATHAPURAM AREA, PALGHAT TOWN.

INTRODUCTION

The Detailed Town Planning Scheme for Ayyapuram-Ramanathapuram area, Palghat town is a narrow strip of paddy field lying in between Kalpathy and Puthur and extends north-west from Malampuzha road near Koppam. The built up area in the scheme is generally characterised by residential development mostly in the closed settlement pattern of agraharams or grammams.

The development plan for Palghat Town envisages a bye-pass road to Calicut-Coimbatore road through this area. The present trend of conversion of paddy fields in the town for ~~now~~ agricultural uses, if continued may affect the drainage of storm water and environmental conditions. The Scheme aims at Planned development of the stretch of land opened up by the formation of Calicut-Coimbatore bye-pass road and the proposed 30 metres wide road from Victoria College area to Malampuzha. The land on the northern side of the bye-pass road is retained as paddy field limiting the urban activities on the southern side of the road. The proposed bye-pass road will help to relieve the traffic congestion in the heavily built up sultangpet area of Palghat Town and open up new areas for development. The major proposals include organised areas for commercial, light industrial and residential activities.

The scheme covers an area of about 70 hectares (approximately) of land. The following are the main proposals of the scheme

1. Residential use:-

In view of the trend of development in the surrounding area a total of 18.47 hectares of land is earmarked for residential use out of which 1.74 hectares is proposed to be acquired for Planned Residential Development.

2. Commercial use:-

In order to disperse the activities from the town centre and also to cater the needs of the nearby neighbourhoods two commercial complex^{es} are proposed at potential locations. An extent of 1.81 hectares of land is set apart for this purpose.

3. Light Industrial use:-

In this area 5.02 hectares of land is proposed to be acquired to accommodate small and service type of industries.

4. Transportation (Parking) :-

In order to cater to large number of vehicles, coming in connection with Kalpathy car festival an area of 0.15 hectare of land is proposed to be ~~reserved~~ acquired for parking of vehicles; - This will incidentally function as a parking lot for vehicles coming to this area at other times.

5. Parks & open spaces

For catering to the needs of the inhabitants of the nearby neighbourhoods, play grounds and tot lots are provided. The total area earmarked for this purpose comes to 2.21 hectares.

6. Paddy fields:-

As per the restrictions envisaged in the development plan 28.84 hectares of paddy fields is retained.

(iii)

7. Roads:-

The proposed 30 metres wide Calicut-Coimbatore Byo-pass road passes through this stretch of land which will eliminate the traffic congestion in the heavily built up areas of Sultanpet. Since it is not possible to widen the existing Malampuzha road, another 30 metres wide road is proposed from Victoria College area to Malampuzha.
