ED TOWN PLANNING SCHEME FOR CENTRAL AREA  
PALGHAT TOWN

PH  
1986

PREFACE

Palghat Town, the Administrative head-quarters of the district has become the most important commercial and industrial centre due to its locational importance. The development of this town has not been guided in the past by judicious planning. The town centre, particularly the Central Area and T.B. road area has developed in a haphazard manner creating congestion and traffic strangulate.

A development plan (Master Plan) for Palghat Town has been prepared to provide a broad frame work for guiding and regulating the future growth and to organise development in a planned manner. Based on this a Detailed Town Planning Scheme for Central Area has been prepared to solve the problems and to achieve the objectives by regulationary measures and giving new proposal for organised developed.

As envisaged in the Master Plan it is proposed to construct an over bridge connecting T.B. road and Vettikulam road.

The Detailed Town Planning Scheme for Central Area is published for eliciting public opinion.

I wish that the members of the public and especially those to whom it concerns directly would offer their dispassionate views on the plan to help the Development Authority and the Government to adopt this plan with such modifications as are deemed necessary.

Palghat-1,

21-4-1986.
