## DETAILED TOWN PLANNING SCHEME FOR PATTUPURAKKAL AREA IN THRIKKAKARA—COCHIN

### I. INTRODUCTION

Under section 7 (1) of the Town Planning Act IV of 1108, the defunct Joint Town Planning Committee constituted under section 37 of the Town Planning Act, 1108 and section 38 of the Madras Town Planning Act, 1920, for the development of the Greater Cochin Region, decided to prepare a detailed Town Planning Scheme for the Pattupurakkal area in Thrikkakara south village and accordingly declared the intention to prepare the same in the notification, dated 23rd June 1967. Further processing of the scheme devolved of the Cochin Town Planning Trust constituted under sub-section (1) of section 44 of the Town Planning Act, 1108 (IV of 1108) read with section 45 thereof as amended by the Town Planning Laws (Amendment) Act, 1968 (21 of 1968) and sub-section (1) of section 45 of Madras Town Planning Act, 1920 (VII of 1920) read with section 46 thereof as amended by the Town Planning Laws (Amendment) Act, 1968 (21 of 1968).

2. The details of the scheme have been prepared by the Department of Town Planning and Architecture on behalf of the Cochin Town Planning Trust.

3. The area covered by the scheme consists of 220 hectares of land situated in Thrikkakara south village of Kanayannur taluk. The area is well defined by paddy fields on its boundaries. A few houses are scattered over the lower terrain adjoining the paddy fields, but the higher terrain is comparatively thinly populated. Approach facilities and availability of cheap and vacant lands make it possible to achieve a planned development of this area at a relatively lower cost.

4. According to the Development Plan for Cochin Region, Thrikkakara-Kalamassery area which falls on the outer periphery of the central city is proposed to be developed as a Township covering an area of 25.9 sq. kms. and to accommodate a population of 1 lakh by 1991. The Pattupurakkal area is verily found suitable to be developed as the focal point of the above Township.

5. The scheme area is well connected to the central city and to the other urban centres of the Cochin Region by communication routes. It may also be seen that the following major roads would pass through this area:

(1) Kalamassery-Irimpanam Road.

(2) Palarivattom-Kumarapuram Road.

6. About 91 hectares of land within the scheme area are available as Government poramboke and about 48 hectares of private land have already been notified for acquisition. The land required for various public and semi-public uses, community facilities and administrative buildings, etc., can be met out of the poramboke lands available. The land notified for acquisition and the remaining private lands which together come to about 129 hectares are proposed to be used for residential purposes.

7. The details of various plot sizes and the type of buildings coming within them are as listed below :

<i>Plot size and type of buildings</i>	<i>Available plots</i>
(a) Detached units plot size 3 to 5 ares	.. 750 Nos.
(b) Semi-detached units plot size 1 to 2 ares	.. 250 „
(c) Row houses plot size 0.8 to 1.6 ares	.. 190 „
(d) Area reserved for rehabilitation of displaced families plot size 1 to 2 ares	.. 250 „

8. To achieve a compact residential development with higher densities (250 to 300 persons per hectare) about 190 multi-storeyed flats are also proposed within this area.

9. A well-knit interconnecting road system within the area will strengthen the homogeneity and efficacy of the functional perspective of the scheme.

10. This scheme as an independent entity and as a component of the whole organism of the major Township of Thrikkakara-Kalamassery, caters to the immediate needs and those of the foreseeable future, in moulding up the functional characteristics and physical environments of an urban complex.
